## **Section III - Evaluation and Qualification Criteria**

This section contains all the criteria that the Employer shall use to evaluate bids and qualify Bidders if the bidding was not preceded by a prequalification exercise and postqualification is applied. In accordance with ITB 35 and ITB 37, no other methods, criteria and factors shall be used. The Bidder shall provide all the information requested in the forms included in Bidding Forms.

Wherever a Bidder is required to state a monetary amount, Bidders should indicate the national currency. If any amounts are in foreign currency equivalent national currency using the rate of exchange specified by the bidder will be determined as follows:

- -For construction turnover or financial data required for each year - Exchange rate prevailing on the last day of the respective calendar year (in which the amounts for that year is to be converted) was originally established.
- -Value of single contract - Exchange rate prevailing on the date of the contract.

## **1. Evaluation**

In addition to the criteria listed in ITB 35.2 (a) – (e) the following criteria shall apply:

### **2.1 Adequacy of Technical Proposal**

Evaluation of the Bidder's Technical Proposal will include an assessment of the Bidder's technical proposal and its substantial responsiveness, capacity to mobilize key equipment and personnel for the contract consistent with its proposal regarding work methods, scheduling, and material sourcing in sufficient detail and fully in accordance with the requirements stipulated in Section VII (Works Requirements).

### **2.2 Multiple Contracts**

Pursuant to Sub-Clause 35.4 of the Instructions to Bidders, if Works are grouped in multiple contracts, evaluation will be as follows: **Not Applicable**

### **2.3 Alternative Completion Times**

An alternative Completion Time, if permitted under ITB 13.2, will be evaluated as follows: **Not Applicable**

### **2.4 Technical Alternatives**

Technical alternatives, if permitted under ITB 13.4, will be evaluated as follows: **Not Applicable**

### **2.5 Specialized Subcontractors**

Only the specific experience of sub-contractors for specialized works permitted by the Employer will be considered. The general experience and financial resources of the specialized sub-contractors shall not be added to those of the Bidder for purposes of qualification of the Bidder. The specialized sub-contractors proposed shall be fully qualified for their work proposed, and meet the following criteria: **Not Applicable**

**2.6 Non-conformities, Errors, and Omissions:** Pursuant to ITB 30.3, the adjustment shall be made using the following methodology: Subject to provisions under ITB 14.2 if: i) an item is not listed in the priced Bill of Quantities i.e. the item is missing or the item is listed and priced but it is non-conforming to the requirements of the bidding document; or ii) a component under the scope of work or a condition in the bid is non-conforming to the requirements in the bidding document; and provided that the Bid is determined substantially responsive notwithstanding non-conformance under i) and ii) above, the average price of the item or component

quoted by substantially responsive bidders will be added to the bid price and the equivalent total cost of the bid so determined will be used for price comparison. If the cost of the non-conforming component or condition in the bid cannot be determined from other substantially responsive bids, the Employer will decide the price to be added for this purpose and for comparison of bids based on his own knowledge or as obtained from other sources.”

## **Bill of Quantities**

### **Bill of Quantities is provided as separate documents:**

#### **A. Preamble**

1. The Bill of Quantities shall be read in conjunction with the Instructions to Bidders, General and Particular Conditions of Contract, Technical Specifications, and Drawings.
2. The quantities given in the Bill of Quantities are estimated and provisional, and are given to provide a common basis for bidding. The basis of payment will be the actual quantities of work ordered and carried out, as measured by the Contractor and technical construction supervisor and verified by the Engineer and valued at the rates and prices bid in the priced Bill of Quantities, where applicable, and otherwise at such rates and prices as the Project Manager may fix within the terms of the Contract.
3. The rates and prices bid in the priced Bill of Quantities shall, except insofar as it is otherwise provided under the Contract, include all Constructional Plant, labour, supervision, materials, erection, maintenance, insurance, profit, taxes, and duties, together with all general risks, liabilities, and obligations set out or implied in the Contract.
4. A rate or price shall be entered against each item in the priced Bill of Quantities, whether quantities are stated or not. The cost of Items against which the Contractor has failed to enter a rate or price shall be deemed to be covered by other rates and prices entered in the Bill of Quantities.
5. The whole cost of complying with provisions of the Contract shall be included in the items provided in the prices Bill of Quantities , and where no items are provided the cost shall be deemed to be distributed amount the rates and prices entered for the related items of Works.
6. Any arithmetic errors in computation or summation will be corrected by the Employer as follows:
  - (a) where there is a discrepancy between amounts in figures and in words, the amount in words will govern; and
  - (b) where there is a discrepancy between the unit rate and the total amount derived from the multiplication of the unit price and the quantity, the unit rate as quoted will govern, unless in the opinion of the Employer, there is an obviously gross misplacement of the decimal point in the unit price, in which event the total amount as quoted will govern and the unit rate will be corrected.

Bidders shall price the Bill of Quantities in **Armenian Drams only**.
