

*Approved by
the decision N 2 of the open procedure committee
code MDPIU-OPPW-13/1
as of “03” December 2013*

Municipality of Yerevan
“Municipal Development Projects Implementation Unit” SI.

VOLUME 03

- General Drawings
(Section IV of Appendix 6 of the invitation)

Of open procedure for procurement of
Water Supply & Wastewater Networks Works
announced for the needs of
Municipality of Yerevan
“Municipal Development Projects Implementation Unit” SI.

TABLE OF CONTENT

Drawings

<i>Sheet -1</i>	<i>Schematic plan of Yerevan with the districts where water supply system improvement works are implemented</i>
<i>Sheet -2</i>	<i>Schematic plan of Yerevan with the districts where sewerage system improvement works are implemented</i>
<i>Sheet -3</i>	<i>Route plan of the designed water lines No. 36 and 37, Sc. 1:500, schematic plans of node</i>
<i>Sheet -4</i>	<i>Cross sections and specification of the designed water lines No. 36 and 37</i>
<i>Sheet -5</i>	<i>Pressure reducing (PRC) and water metering (WMC) chambers</i>
<i>Sheet -6</i>	<i>Route plan of the existing sewerage line Sc. 1:500</i>
<i>Sheet -7</i>	<i>Route plan and specification of the designed sewerage line S_1 Sc. 1:500</i>
<i>Sheet -8</i>	<i>Longitudinal section of the designed sewerage line S_1</i>
<i>Sheet -9</i>	<i>Cross-sections of the designed sewerage line (S_1), connection joints in wastewater observation chambers</i>
<i>Sheet -10</i>	<i>General installation scheme of buried installation valves of water supply distribution network, section</i>
<i>Sheet -11</i>	<i>Installation scheme of buried valve node implementation, general specification</i>
<i>Sheet -12</i>	<i>Installation scheme of flange adaptors</i>
<i>Sheet -13</i>	<i>Installation device in water supply rectangular chambers , general installation scheme of device</i>
<i>Sheet -14</i>	<i>General installation scheme of installing device, equipments in water supply round chambers</i>
<i>Sheet -15</i>	<i>Plan, section of underground fire hydrant chamber</i>
<i>Sheet -16</i>	<i>Typical schematic plan of implementation of inlet lines and water metering chambers for private houses; scheme of connection node of private house's inlet lines; cross and longitudinal sections of inlet lines</i>
<i>Sheet -17</i>	<i>Private house's water metering chamber plan, section 1-1</i>
<i>Sheet -18</i>	<i>Dimensional drawing of precast elements of private house's water metering chamber</i>
